**NEWS RELEASE
FOR IMMEDIATE RELEASE**

Evergy Announces 2020 First Quarter Results

- *GAAP EPS of \$0.31; Adjusted EPS (Non-GAAP) of \$0.41*
- *Declares quarterly dividend of \$0.505*

KANSAS CITY, MO., May 6, 2020 - Evergy, Inc. (NYSE: EVRG) today announced first quarter 2020 earnings of \$69 million, or \$0.31 per share, compared with earnings of \$100 million, or \$0.39 per share, for the first quarter of 2019.

Evergy's adjusted earnings (non-GAAP) and adjusted earnings per share (non-GAAP) were \$94 million and \$0.41, respectively, in the first quarter of 2020 compared with \$111 million and \$0.44, respectively, in the first quarter of 2019. Adjusted earnings (non-GAAP) and adjusted earnings per share (non-GAAP) are reconciled to GAAP earnings in the financial table included in this release.

First quarter earnings per share were lower than last year, mainly driven by unfavorable weather and lower corporate-owned life insurance (COLI) benefits. These effects were partially offset by lower operating and maintenance expenses driven by continued execution of cost management, costs incurred in 2019 from a winter storm, and fewer shares outstanding.

"Preserving employee and public safety, while delivering safe and reliable energy to customers, is always our first priority, especially during this truly unique time" said Terry Bassham, Evergy president and chief executive officer. "To also deliver another solid quarter of financial results under these circumstances is a testament to all our employees and management team."

Dividend Declaration

The Board of Directors declared a dividend on the Company's common stock of \$0.505 per share payable on June 19, 2020. The dividends are payable to shareholders of record as of May 20, 2020.
