Section 8. Other Events

Item 8.01. Other Events.

On March 16, 2005, we announced our financial results for the quarter-ended and year-ended December 31, 2004. We also conducted a conference call to discuss our 2004 results, our expectations for 2005 and certain aspects of our upcoming rate review with the Kansas Corporation Commission. During the conference call we responded to questions regarding our rate base, or the amount on which we are allowed to earn a return. To clarify the response given on that call, we currently expect to request that the Kansas Corporation Commission allow Westar Energy and Kansas Gas and Electric Company, our wholly-owned subsidiary, a combined retail rate base of approximately \$2.4 billion, excluding approximately \$300 million of investments in transmission assets.

The information contained in this report is summary information that is intended to be considered in the context of our SEC filings and other public announcements that we may make, by press release or otherwise, from time to time. We disclaim any current intention to revise or update the information contained in this report, although we may do so from time to time as our management believes is warranted. Any such updating may be made through the filing of other reports or documents with the SEC, through press releases or through other public disclosure.

Any forward-looking statement speaks only as of the date such statement was made, and we do not undertake any obligation to update any forward-looking statement to reflect events or circumstances after the date on which such statement was made except as required by applicable laws or regulations.
