This certificate is notice that the above named company has issued, renewed or guaranteed the security or securities described herein which issue, renewal or guaranty was exempted from the provisions of Section 6(a) of the Act and was neither the subject of a declaration or application on Form U-1 nor included within the exemption provided by Rule U-48 [Reg. Floating rate loans bear interest at the higher of (i) the prime rate of interest announced by LaSalle Bank from time to time, and (ii) the sum of the federal funds effective rate for each day and 0.5%, plus a margin varying from 0.0% to 1.0%, depending on Strategic Energy's leverage ratio. The amount of the guaranty may be increased above the base amount, at Great Plains Energy's option, to cure certain financial covenant defaults. The base amount of the guaranty is also subject to quarterly decrease or increase (but not above the initial \$25 million base amount) at the end of each fiscal quarter on or after July 1, 2005, based on Strategic Energy's Net Worth (as defined in the Credit Agreement).

Great Plains Energy and its associate companies Innovative Energy Consultants Inc., KLT Inc., KLT Energy Services Inc. and Custom Energy Holdings, L.L.C. have entered into and reaffirmed a subordination agreement with the lenders which, among other things, subordinates those companies' rights to receive payments on indebtedness owed to them by Strategic Energy in the event of Strategic Energy's default under the Credit Agreement, or in the event of Strategic Energy's dissolution, winding up, liquidation or other similar proceedings.

[Demand notes, regardless of how long they may have been outstanding, shall be considered as maturing in not more than nine months for purposes of the exemption from Section 6(a) of the Act granted by the first sentence of Section 6(b)]:

Not applicable.
